Neighbors Helping Neighbors

912-598-5529

As a Special Committee of The Landings Association, we are a group of more than 50 Landings residents who volunteer to help fellow Landings residents. What do we do? We provide transportation for medical appointments for those who are not able to drive and have no family or friends available.

We also maintain an inventory of medical equipment (the Crutch Closet) that is loaned without charge or borrowing time limits. What types of equipment? Neighbors Helping Neighbors has wheelchairs, transport chairs, various styles of walkers including Rollators, shower chairs, crutches, canes, over the toilet and bedside commodes, kneeling scooters, and more.

All Neighbors Helping Neighbors requests are handled by six Call Coordinators. The Landings Association provides a call-in telephone line (912-598-5529) where residents in need of any of our services can leave a message. These messages are picked up by the Call Coordinator on duty that week who then contacts the caller for request details. For transportation needs, the Coordinator then calls one of our many volunteers who will provide the ride. Since we rely on the availability of our volunteers, it helps us to have at least three days advance notice of your appointment. All other requests for assistance or for equipment are also handled directly by the Call Coordinators.

We always need additional volunteers. If you are interested, please call the NHN phone line (912-598-5529) and leave a message, or email our Chair Lynn Gensamer (lynn@gensamer.com).

Please note, NHN is not an emergency service. For all emergencies on Skidaway Island, please call 911.
