SKIDAWAY AUDUBON

Dedicated to stewardship projects on Skidaway Island

PROJECTS

Landings Golf Course Certification

All six courses certified as Audubon Cooperative Sanctuaries since 2002. A program that includes 27 of *Golf Digest's* Top 100 courses.

Interpretive Signs

With the support of grants from Landings Landlovers, interpretive signs focusing on Skidaway Island's Natural and Historic sites are placed throughout the community.

Bottle Brigade

45 volunteers pick up litter weekly throughout the community. Please let them know that you appreciate their efforts!

Bluebird Trail

196 nesting boxes placed along the six courses make this one of the longest monitored trails on the East coast.

Water Conservation & Weather Stations

Providing information to residents to aid in water conservation.

FOSA: Friends of Skidaway Audubon

Founded in 2019 to provide educational programs on nature and our environment. Become a member and support the efforts of Skidaway Audubon.

EDUCATE. ENGAGE. ENHANCE OUR WORLD.

Sustainable Skidaway

The Landings is the first Audubon International certified sustainable community in Georgia - status achieved in 2018. Researched and produced a Natural and Historic Sites map of Skidaway Island.

Community Wildlife Programs

Working together to have The Landings certified as a Community Wildlife Habitat by the National Wildlife Federation and the Garden Club of Georgia. Visit our website to learn how you can participate.

Bat Nesting Boxes

Nature's Pest Control

Bat houses are built by Landings Woodworkers Guild and installed along the golf courses to provide habitat for this dwindling species of mammals.

Sparrow Field Wildlife Conservation Area & Pollinator Berm Garden

New interpretive signage about importance of pollinators highlights Monarch research with UGA and UMN. Home to over 100 species of flowering plants.

Diamondback Terrapin Rescue

Largest rescue project of its kind along the East coast under the auspices of the Georgia Department of Natural Resources and the University of Georgia Marine Extension.

The Landings Bird Cam

IN PARTNERSHIP WITH

Cornell Lab of Ornthology

24/7 viewing of nesting raptors attracts worldwide viewership in the millions.

Tallow Tree Removal

75,000+ of this invasive species removed to date. Winner of Georgia Urban Forest Council's "Outstanding Civic Organization Grand Award" for this work.
